

# Australian-Made Gate Latches, Locks & Hinges

## Application Guide

### FULLY ADJUSTABLE

D&D Technologies' products are easy to install and most can be adjusted, vertically and horizontally, at any time to ensure smooth, lasting performance.

### ACCREDITED QUALITY

Quality is our passion. D&D is ISO 9001 Quality Control Accredited and everything we do is about ensuring safe and dependable products.

### PROVEN RELIABILITY

D&D products are made from industrial-strength engineering polymers and stainless steel components that are proven to last the test of time.

### LIFETIME WARRANTY

Our industry-leading Lifetime Warranty is your guarantee of product performance and peace-of-mind in every latch, lock or hinge installation.

### LEADING SAFETY STANDARD

All of our child safety latches and hinges have been independently tested to meet Australian Standards, but we also rigorously test our products in-house.

### TRUSTED SECURITY

D&D's award-winning, innovative products provide security and safety features you can trust to keep loved ones and property safe at all times.

**MagnaLatch® Series 3 Top Pull & Vertical Pull**  
The most popular safety gate latches on the market. D&D's latest series of key lockable, magnetic safety gate latches.

**MagnaLatch® Side Pull LOCKABLE**  
Versatile, general-purpose magnetic gate latch for gates around homes and gardens.

**LokkLatch® MAGNETIC**  
Handle-styled, magnetic gate lock with push/pull action. Can be rekeyed (by a locksmith) to match existing house doors.

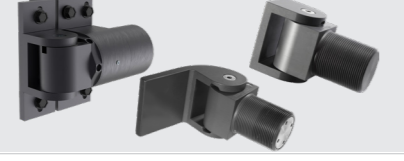

**LokkLatch® PLUS**  
Privacy gate latch that locks and operates from both sides of the gate. Semi-security lock cylinder.

**LokkLatch® DELUXE S3**  
Privacy and security latch. Locks and operates from both sides of gate. Can be rekeyed (by a locksmith) to match house doors.

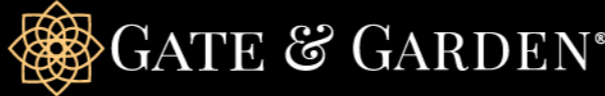

**TruClose® Self-closing Hinges**  
Tension adjustable hinges for child safety, pool or general-purpose gates. Available in Regular or Heavy-Duty models.

**SureClose® Hinge-closers**  
Powerful, heavy-duty hydraulic hinge-closers for larger or heavy metal gates.
